Hi Ken, Don, Bryan, and Jeff,

Just an FYI that as you know, EPA has been looking into whether 316(b) and the 2014 implementing regulations apply to dams. Our EPA HQ office has asked us to hold off on any communications on 316(b) until this is resolved. I'll let you know if there are any significant changes. In the meanwhile, if you could hold off on any questions, comments, or responses in writing on 316(b), I'd appreciate it. Let me know if you have any questions.

Thanks,  
Jenny Wu
